- 5.0 Projects and Programs

### **Attachments**

- 1 Figure 1 - Mount Dora CRA Boundary Map, Streets, Parks, and Open Spaces
- 2 Legal Description
- 3 Figure 2 - Major Capital Projects

## **SECTION 1.0 FINDINGS**

Inadequate traffic facilities, including vehicular, bicycle and pedestrian modes, streets, parking, trails, sidewalks, and associated drainage facilities exist within the Community Redevelopment and need to be improved, upgraded or replaced.

There exists deterioration and underutilization on sites and improvements along the Lake Dora lakefront and adjoining areas including adverse environmental conditions that contribute to reduced or inadequate use by the public.

In the CRA district there exist properties that exhibit deterioration of site and other improvements; faulty lot layout in relation to size, adequacy, accessibility, or usefulness; and inadequate and outdated building density patterns.

Visual blight in public areas and spaces is a problem in the Community Redevelopment Area that can be addressed through the improvement, repair, and maintenance of public facilities, structures and grounds.

To preserve and enhance the commercial tax base it is necessary that commercial buildings are occupied by viable businesses. A strong customer base is required to sustain viable businesses. Certain promotional activities are appropriate to continue to add to the customer base to assure continued viability of the commercial districts and the tax base.

## **SECTION 2.0 OBJECTIVES AND IMPLEMENTATION**

### **2.1 Pedestrian Movement and Streetscape**

**2.1.1 Objective:** To address the presence of inadequate pedestrian improvements, create a network of safe and attractive sidewalks and other pedestrian ways throughout the CRA. The redesign of these facilities will follow design guidelines that increase sidewalk widths, improve connectivity between blocks and areas, improve crosswalk safety, enhance lighting and wayfinding, and allow for aesthetic enhancements.

**2.1.2 Implementation:** Improvements may be accomplished by the CRA providing funding for the needs assessment, design, construction, permitting, and other related activities associated with the improvements. Improvements include sidewalks, lighting, landscaping, signage, drainage, and other associated appurtenances.

Public Street right-of-ways within the CRA district should be evaluated to determine the need for improvements and redesigned to meet design guidelines. Upon completion of needs assessment and preliminary engineering, areas and blocks can be prioritized and budgeted for construction. The primary streets involved are listed in Section 4.0 and shown in Figure 2.

### **2.2 Multi-Use Trails**

**2.2.1 Objective:** To improve inadequate traffic facilities, trails and facilities as designated in the *Mount Dora Trails Master Plan*.

**2.2.2 Implementation:** Trail improvements may be completed by the CRA providing funding for the design, construction, permitting, and other related activities associated with the trail improvements that are within the CRA district and designated in the *Mount Dora Trails Master Plan*.

The trails and related facilities include, but are not limited to, Tremain Street Greenway and Trail, Regional Trail, and related trailheads. Some of these facilities may require the purchase of private property.

### **2.3 Lake Dora Lakefront**

**2.3.1 Objective:** To address the substandard conditions and underutilization of the Lake Dora lakefront and adjoining areas, the lakefront areas can be redesigned to create more accessible, functional and attractive sites. The lakefront area involves property within the CRA district along Lake Dora from Liberty Avenue to the northwest terminus of Lake

Dora Road, including Evans Park, property known as Pineapple Point south of the Lakeside Inn property and west of Edgerton Court, Childs Park and the Fourth Avenue docks and piers.

**2.3.2 Implementation:** Lakefront redesign and improvement for the above mentioned areas may be accomplished by the CRA providing funding for the planning, design, and construction of improvements to the sites in the lakefront area and/or reimburse the City for the same. The redevelopment of private property along the lakefront may require the CRA to purchase and dispose of property, participate in public/private partnerships, and/or provide incentives for redevelopment.

## **2.4 Property Redevelopment**

**2.4.1 Objectives:** To address the deterioration of sites, buildings and other improvements; faulty lot layout in relation to size, adequacy, accessibility, or usefulness; and inadequate and outdated building density patterns, the CRA may administer programs that encourage investment into private properties within the community redevelopment area to eliminate these conditions.

To eliminate conditions of blight in the community redevelopment area, real property may need to be purchased and improved for redevelopment, be it by the public or private sector.

**2.4.2 Implementation:** The CRA may develop, fund, and administer incentive programs to provide loans and/or grants to property and/or business owners for the repair, expansion, and improvement of sites, buildings and improvements to encourage redevelopment of properties in the CRA district and create more viable business areas.

The CRA may use funds from the community redevelopment trust fund to purchase, improve, and dispose of such land itself and/or provide funds to reimburse the City for that purpose, including the costs of studies, redevelopment proposal solicitations and evaluation, and staff time or to participate in public/private partnerships. Efforts should focus on identifying underutilized properties that can be catalysts to encourage further redevelopment by private owners. The *Envision Mount Dora Implementation Plan* identifies several sites that qualify: (1) South Highland between Camp and Robie Avenues; and, (2) area around intersection of Baker Street and Third Avenue.

## **2.5 Parking**

**2.5.1 Objective:** To address parking needs, the CRA may evaluate the need for additional space for, and improving the use of, public parking areas to accommodate employees, customers, delivery vehicles and tour buses.

**2.5.2 Implementation:** The CRA may provide funding for parking improvements and related activities. Possible projects include, but are not limited to, improving and/or

expanding the Donnelly Street parking garage, improving and/or expanding the Baker/Tremain Street parking lot, and connecting the garage to the lot.. Adding on-street parking along streets such as the west side of Edgerton Court. The parking projects may require the purchase of private property. Directional signage and parking management programs may also be funded by the CRA.

## **2.6 Beautification & Enhanced Maintenance**

**2.6.1 Objective:** To address and prevent visual blight in public areas, the CRA should keep the improvements it has installed, including landscapes, streetscapes, parks, and parking lots, and adjoining areas in good condition as part of carrying out its redevelopment duties.

**2.6.2 Implementation:** The elimination and prevention of visual blight in public areas and spaces can be accomplished by the CRA funding a maintenance and beautification program. The program will include funding for staff, equipment, and materials. The tasks and activities in the program are those not assigned or regularly completed as part of routine City operations.

## **2.7 Promotional Activities for Economic Development**

**2.7.1 Objective:** To sustain viable business districts that continue to enhance the commercial tax base, the CRA may create programs to promote business retention, expansion, and relocation; cultural tourism and the like, to attract businesses, residents, and visitors to the CRA business districts.

**2.7.2 Implementation:** The CRA may expend funds to develop and administer programs to promote business retention, expansion, and recruitment; cultural tourism and similar activities.

The CRA may provide funding to non-profit organizations for events, programs, and collateral materials that are intended to increase tourism and the amount of visitors to the CRA business districts.

## **2.8 Affordable Housing**

F.S. 163.360(2)(c) states that the community redevelopment plan shall provide for the development of affordable housing in the area, or state the reasons for not addressing in the plan the development of affordable housing in the area.

As this CRA district contains primarily commercial property and limited residential areas, the objectives of the plan deal with enhancing the commercial areas and improving public facilities and infrastructure.

**2.8.1 Objective:** If in the future there is a finding of a shortage of affordable housing and a need for the development of affordable housing within the CRA district, the CRA may expend funds to accomplish the documented need.

## **2.9 Administration**

**2.9.1** The CRA may use funds in the Community Redevelopment Trust Fund to pay or reimburse the City for the salaries and wages of City employees who work on any community redevelopment undertakings described in the Community Redevelopment Plan.

**2.9.2** The CRA may use funds in the Community Redevelopment Trust Fund to pay or reimburse the City for the use of office space, utilities, and other facilities and services used by the CRA in carrying out their duties and activities described in the Community Redevelopment Plan.

## **SECTION 3.0 REQUIRED PLAN CONTENTS**

F.S. 163.362 requires certain contents in a community redevelopment plan. The following specifically addresses these requirements.

**(1) Contain a legal description of the boundaries of the community redevelopment area and the reasons for establishing such boundaries shown in the plan.**

The boundaries of the CRA District are shown on Figure 1. Legal Description attached as Attachment 2.

**(2) Show by diagram and in general terms:**

**(a) The approximate amount of open space to be provided and the street layout.**

The approximate amount of open space is 26 acres. The open space and the street layout are shown on Attachment 1.

**(b) Limitations on the type, size, height, number, and proposed use of buildings.**

The limitations on type, size, height, number, and proposed use of buildings is regulated by the Mount Dora Comprehensive Plan and Land Development Code.

**(c) The approximate number of dwelling units.**

The approximate number of dwelling units is 283.

**(d) Such property as is intended for use as public parks, recreation areas, streets, public utilities, and public improvements of any nature.**

The parks and streets are shown on Figure 1. Improvements may be done in these areas as identified in Redevelopment Plan.

**(3) If the redevelopment area contains low or moderate income housing, contain a neighborhood impact element which describes in detail the impact of the redevelopment upon the residents of the redevelopment area and the surrounding areas in terms of relocation, traffic circulation, environmental quality, availability of community facilities and services, effect on school population, and other matters affecting the physical and social quality of the neighborhood.**

No negative impact on low or moderate income housing is anticipated as a result of this plan. There are no housing relocations or changes in vehicular traffic patterns planned.

**(4) Identify specifically any publicly funded capital projects to be undertaken within the community redevelopment area.**

CRA and other publically funded capital projects are identified and described in Sections 4.0 and 5.0 of this Plan and major capital projects are shown in Figure 2.

**(5) Contain adequate safeguards that the work of redevelopment will be carried out pursuant to the plan.**

The Community Redevelopment Agency will carry out the work of this Redevelopment Plan. The redevelopment process has been established consistent with Chapter 163, Part III., Community Redevelopment of the Florida Statutes. It is the intent of the City of Mount Dora to comply with those requirements as established in Chapter 163, Part III., of the Florida Statutes as amended.

**(6) Provide for the retention of controls and the establishment of any restrictions or covenants running with land sold or leased for private use for such periods of time and under such conditions as the governing body deems necessary to effectuate the purposes of this part.**

This provision of the Redevelopment Plan will be satisfied on a case by case basis as each project is carried through final documentation and approval by the CRA Board.

**(7) Provide assurances that there will be replacement housing for the relocation of persons temporarily or permanently displaced from housing facilities within the community redevelopment area.**

If as a result of implementation of projects contained in this Plan relocation of persons becomes necessary on either a temporary or permanent basis, the CRA will be responsible for the provision of replacement housing for those affected persons

**(8) Provide an element of residential use in the redevelopment area if such use exists in the area prior to the adoption of the plan or if the plan is intended to remedy a shortage of housing affordable to residents of low or moderate income, including the elderly, or if the plan is not intended to remedy such shortage, the reasons therefor.**

The Plan is not intended to remedy a shortage of housing for residents of low or moderate income. The residential uses will generally exist in their current locations and will be minimally impacted by the proposed improvements.

**(9) Contain a detailed statement of the projected costs of the redevelopment, including the amount to be expended on publically funded capital projects in the community redevelopment area and any indebtedness of the community redevelopment agency, the county, or the municipality proposed to be incurred for such redevelopment if such indebtedness is to be repaid with increment revenues.**

It is estimated the CRA will receive approximately \$750,000 to \$1,000,000 per year in increment revenues for the remaining years of its existence. The eligible activities on which CRA Trust funds can be expended are specified in the Redevelopment Plan. Section 5 contains projected

cost estimates for capital projects within the Community Redevelopment Area. As reasonably accurate costs for projects and programs can not be determined without actual designs, costs for each project, program, and activity will be specified in the CRA's annual budget as designs are prepared. Funding for projects may include some form of indebtedness by the CRA and/or the City of Mount Dora.

**(10) Provide a time certain for completing all redevelopment financed by increment revenues. Such time certain shall occur no later than 30 years after the fiscal year in which the plan is approved, adopted, or amended pursuant to s. 163.361(1). However, for any agency created after July 1, 2002, the time certain for completing all redevelopment financed by increment revenues must occur within 40 years after the fiscal year in which the plan is approved or adopted.**

The CRA was created in June 1987 for a time period of 30 years and thus would have expired in 2017 had it not been extended. The CRA Redevelopment Plan of 2012 extends the time period of the CRA for 30 years and thus the CRA will expire in 2042.

## **SECTION 4.0 SUMMARY OF REDEVELOPMENT ACTIVITIES**

The redevelopment activities contained in Section 2.0 of this Redevelopment Plan on which CRA funds can be expended are summarized below.

### **4.1 Pedestrian Improvements / Streetscape**

Elements – Sidewalks, crosswalks, lighting, wayfinding, landscaping, signage, and drainage.

Locations – The locations of potential pedestrian and streetscape improvements are identified in Section 5 and Figure 2 of this Plan.

### **4.2 Multi-Use Trails**

As designated in *Mount Dora Trails Master Plan* and in CRA district, including but not limited to Tremain Street Greenway, Regional Trail, and related Trailheads.

### **4.3 Lakefront**

Including but not limited to Child's Park, 4<sup>th</sup> Avenue Dock / Pier/ Boardwalk, Evans Park, Pineapple Point, and Charles Avenue Linear Park

### **4.4 Property Redevelopment**

Development Incentives

Loans and/or Grants for Repair, Expansion, Improvement of properties

Real Property Acquisition, Development and/or disposition

No specific project, area, or activity identified at time of 2012 Plan Amendment but since this is a core redevelopment activity the ability to do such work is allowed by the Plan.

The primary task is to identify underutilized properties that can be catalysts to encourage further redevelopment by private owners.

### **4.5 Parking**

Provide Additional parking, including but not limited to

Parking Garage connector and / or expansion

Baker / Tremain Street parking lot expansion

On-street parking including Edgerton Court

Directional Signage and Wayfinding

Parking Management programs to improve use of parking areas

#### **4.6 Beautification & Enhanced Maintenance**

Staff, equipment, and materials to complete tasks related to repair and maintenance of public areas.

#### **4.7 Promotional Activities for Economic Development**

Business Retention, Expansion, Recruitment programs

Grants to non-profits for events & programs to increase tourism and visitors to business areas

Collateral promotional materials

**SECTION 5**

**PROJECTS & PROGRAMS**

**ESTIMATED COSTS, TIMEFRAME AND POTENTIAL FUNDING SOURCES**

**FY 2012 - 2042**

	FY 2012 - FY 2042	Estimated Time Frame (1)	Estimated Cost
Increment Revenues			\$750,000 - \$1,000,000 / Yr
<b>Project / Program / Activity</b>			
<b>Pedestrian Improvements</b>			
South Highland St	2016 - 2025		\$750,000
Downtown Commercial Core	2012 - 2025		\$4,000,000
Liberty Avenue	2020 - 2030		\$950,000
Fifth Avenue	2025 - 2030		\$1,250,000
Edgerton Court	2020 - 2030		\$450,000
Tremain Street	2020 - 2030		\$950,000
Charles Avenue	2020 - 2030		\$1,650,000
<b>Multi-use Trails</b>			
Tremain St. Greenway	2012 - 2020		\$700,000
Regional Trail	2012 - 2042		TBD
<b>Lakefront</b>			
Childs Park	2012 - 2016		\$100,000
4 <sup>th</sup> Ave docks / pier / boardwalk	2012 - 2014		\$250,000
Charles Avenue	2020 - 2030		\$1,650,000
Evans Park	2020 - 2042		\$650,000
Pineapple Pointe	2020 - 2042		TBD
<b>Parking</b>			
Garage & Baker Tremain	2012 - 2020		\$1,500,000
Edgerton Court	2020 - 2042		\$300,000

<b>SECTION 5</b>		
<b>PROJECTS &amp; PROGRAMS</b>		
<b>ESTIMATED COSTS, TIMEFRAME AND POTENTIAL FUNDING SOURCES</b>		
<b>FY 2012 - 2042</b>		
<b>Project / Program / Activity</b>	<b>Estimated Time Frame (1)</b>	<b>Estimated Cost</b>
<b>Development Incentives</b>	Annual Program - 2012 - 2042	\$0 - \$200,000 / Year
<b>Enhanced Maintenance</b>	Annual Program - 2012 - 2042	\$0 - \$200,000 / Year
<b>Promotional Activities</b>	Annual Program - 2012 - 2042	\$0 - \$50,000 / Year
<b>Property Redevelopment</b>	2012 - 2042	TBD

Some projects are listed in multiple categories to indicate they meet multiple objectives.

**FUNDING** - Potential funding sources include CRA, City of Mount Dora, Grants (from Federal, State, Lake County, and foundation sources), bonding or loans, and public private partnerships.

Projects will be prioritized into multi-year work programs and funding for projects and programs will be budgeted annually.

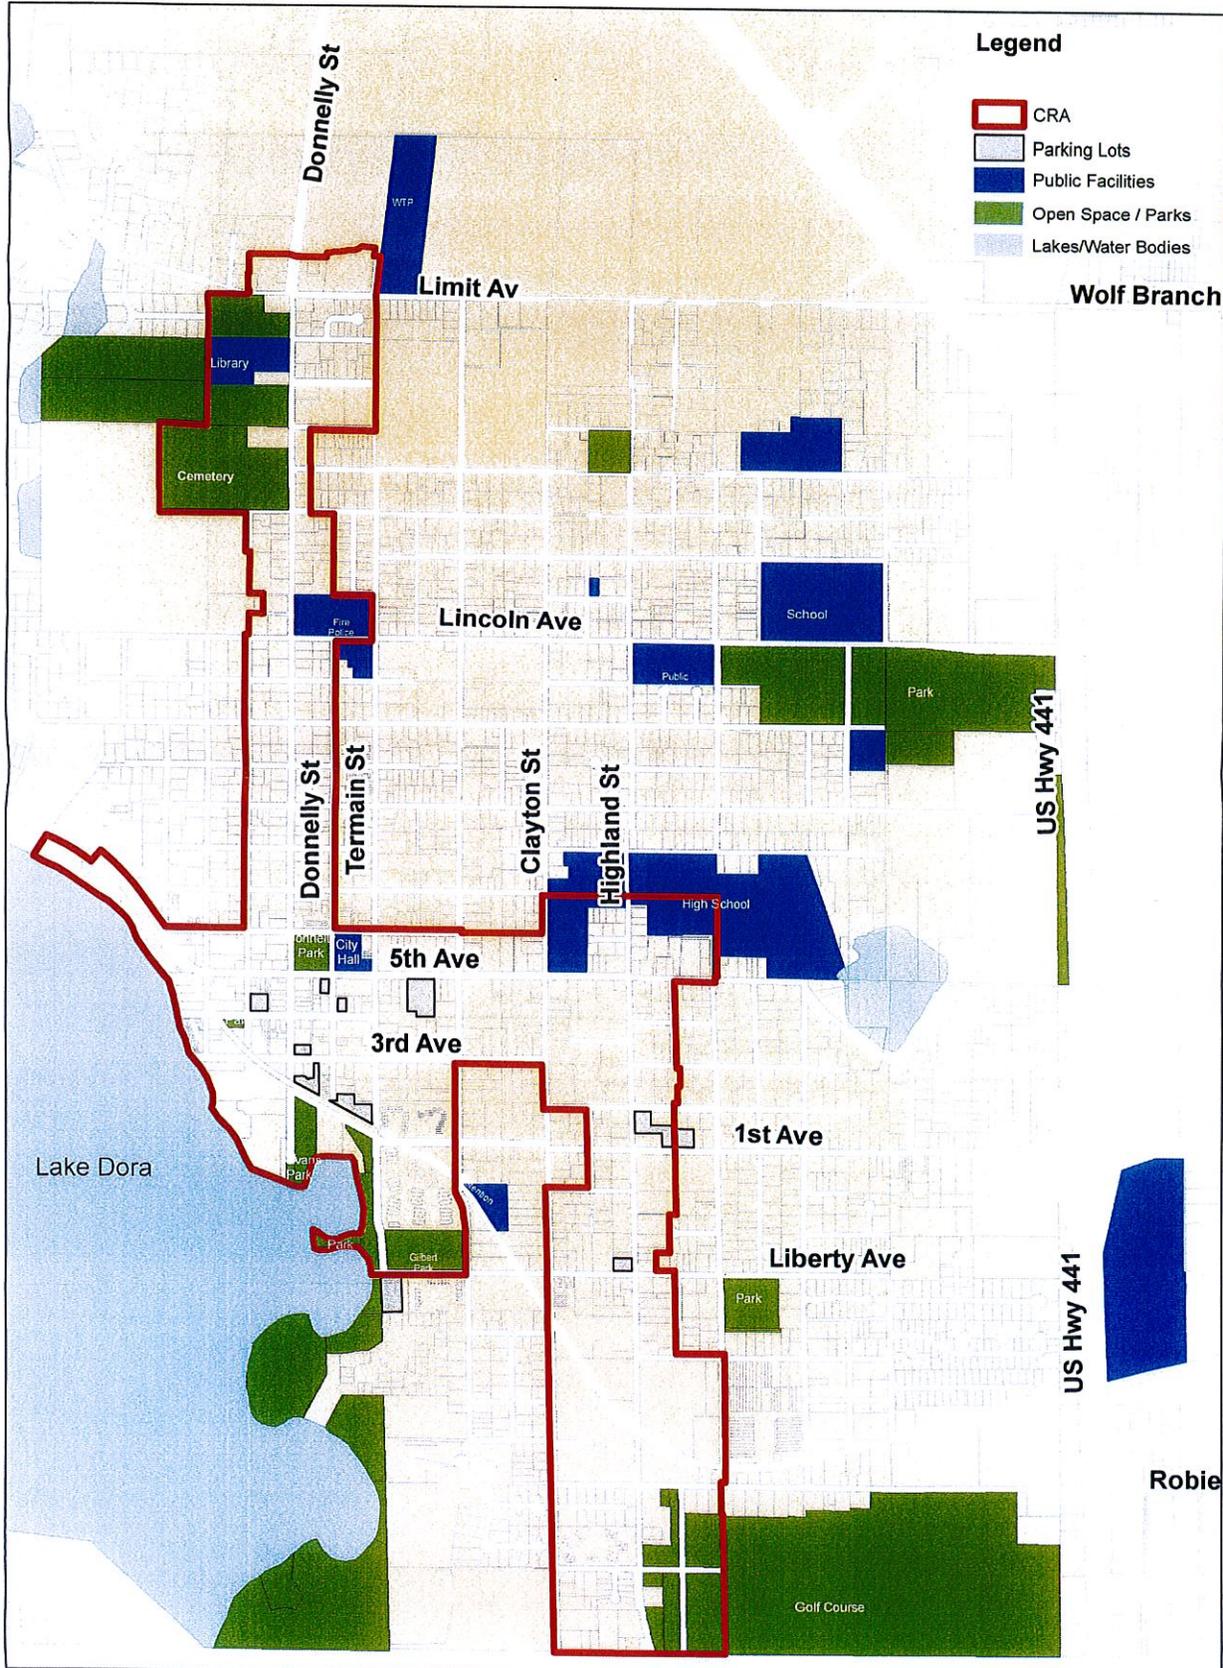

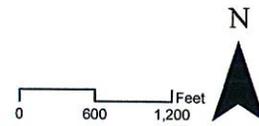

- (1) When a range of years is given, it means the project will occur sometime in that timeframe and not that it will take that specific amount of years to complete. The timeframe includes design and construction stages.
