The Historic Marker Program

CITY OF
MOUNT
DORA

What is the Historic Preservation Board?

The Historic Preservation Board is a volunteer group of seven (7) citizens, appointed by the Mayor and City Council that is involved in historic preservation issues as specified in the Mount Dora Land Development Code. The Board is made up of residents or business owners in Mount Dora who are interested in, and have a working knowledge of, historic preservation. Through the Certificate of Appropriateness process, they make recommendations to ensure the property owner a quality restoration or rehabilitation project, which will not only enhance his property, but the entire neighborhood as well. The Board also awards historic markers that designate locally significant historic buildings within the city.

What's In A Name?

Usually the history of the building or property. A building's name is typically stated in the City's historic buildings survey. Names given to a building usually are those of the original resident, or for that person or persons who lived there the longest, or both. When researching your property make sure you note all names associated with the building as well as when they owned or resided at the property.

How Do I Research The History Of My Building?

As described in the Historic Marker Program Criteria, certain historic information is necessary to evaluate an application for a historic marker. How does one obtain this historical information? Fortunately, the Historic Preservation Board has conducted research and documented the historic significance of over 400 buildings in the oldest parts of the city. In most cases, these documents provide all the information required in the historic marker application. If your property has not been researched, detailed instructions on how to obtain historic information on your building is attached at the end of this brochure.

The Historic Marker Program

The City of Mount Dora Historic Marker Program identifies those buildings, structures, or sites of either historical or architectural significance. The purpose of the marker program is to illustrate our history and educate the public in that history and architecture. It also encourages the restoration and maintenance of historical properties located in the City of Mount Dora. An application is initiated by the property owner. There is no cost for this process or marker. Once a property is designated, a plaque and a certificate are presented to the property owner and a resolution is recorded. The property and the structure located upon it are subject to the requirements for historic sites as set forth in the Land Development Code. The designation conferred runs with the property.

Historic Marker Program Criteria
