Initiative Petitions

The screenshot shows the website for Alan Hays, Lake County Supervisor of Elections. The page features a navigation menu with options like 'REGISTER TO VOTE', 'FREQ. ASKED QUESTIONS', 'VOTE BY MAIL', 'EARLY VOTING', 'WHERE DO I VOTE?', 'CURRENT ELECTIONS', 'ELECTION WORKERS', and 'CONTACT US'. The main content area is titled 'Initiative Petitions' and includes sections for 'Submit Signed Petitions for Verification' and 'Pay for Cost of Verification'. The 'Submit Signed Petitions for Verification' section explains that signed initiative petitions must be returned to the sponsoring political committee and then submitted to the Supervisor of Elections' office. It also states that supervisors have 30 days from the date of receipt to check and verify the signatures. The 'Pay for Cost of Verification' section details the cost of verification (49¢) and the requirement for an affidavit of undue burden if the committee waives the fee.

1S-2.0091 Constitutional Amendment Initiative Petition; Submission Deadline; Signature Verification.

(1) Submission. Signed initiative petition forms proposing amendments to the Florida Constitution shall be submitted solely by the sponsoring political committee to the Supervisor of Elections in the county in which the petition forms were circulated. It is the responsibility of the sponsoring political committee to ensure that the signed petition form is properly filed with, or if misfiled forwarded to, the Supervisor of Elections of the county in which the signee is a registered voter. In the case of a misfiled petition, the filing date of the petition is the date such petition is filed with the proper county.

(2) Signature Verification.

(a) In accordance with the signature verification fee provisions in Section 99.097(4), F.S., the Supervisor of Elections shall verify the signatures on each initiative petition form within 30 days of receipt of the form to ensure that each person signing the petition form:

1. Was, at the time of signing and verification of the petitions, a registered voter in the county in which the petition is submitted,
2. Had not previously revoked his or her signature on the petition,
3. Had not signed the petition form more than four years prior to the date the Supervisor verified the petition, and
4. Had not ever previously signed a petition form containing the identical initiative.

(b) The Supervisor shall not verify a signature on an initiative petition form unless all of the following information is contained on the petition form:

1. The voter's name,
2. The voter's residential street address (including city and county),
3. The voter's date of birth or voter registration number,
4. The voter's original signature, and
5. The date the voter signed the petition, as recorded by the voter.

(3) Random Sampling Not Permitted. Supervisors of Elections may not use random sampling as a method for verifying signatures on constitutional amendment initiative petitions.

(4) Recordation of Verification. The appropriate supervisor of elections for each respective voter whose signature is verified as valid shall record the date the form was received, the date of the signature, the date the signature was verified, and the assigned serial number for the applicable initiative petition. Upon completion of the verifications as set forth in subsection (2), the Supervisors of Elections shall submit to the Division of Elections a certificate indicating the total number of signatures verified and the distribution by congressional district. In conjunction with each certificate submitted, each Supervisor shall submit a copy of one petition showing the text of the constitutional amendment to which the verified signatures relate. Certificates may be submitted by the Supervisor via facsimile in order to meet the filing deadline, followed by the original certificates sent by mail.

(5) Filing Deadline. In order for the initiative petition to be timely filed for appearance on the ballot for the next general election, the constitutionally requisite number of verified signatures must be verified and reported to the Division no later than 5:00 p.m. on February 1 of the year in which the general election is held.

(6) Effective of Revocation Petition. Prior to any determination that the constitutionally requisite number of signatures has been obtained for purposes of placing an amendment by initiative on the ballot, the Division shall determine in accordance with Rule 1S-2.0095, F.A.C., the number of verified petition revocations reported to the Division no later than 5:00 p.m. on February 1 of the same year. The Division shall then deduct that number from the number of verified signatures reported for the underlying applicable constitutional initiative amendment. Upon a determination that the constitutionally requisite number of signatures has been obtained, the Secretary of State shall issue a certificate of ballot position in accordance with Section 100.371, F.S., to the appropriate sponsoring political committee and assign a designating ballot number.

(7) Limitation on Use of Verified Signatures. Verified signatures used successfully to place a proposed amendment by initiative on the ballot that subsequently fails to be approved by the electors at the general election shall not be used again in support of any future initiative petition.
