Summary of Landscape Irrigation Ordinance

- 💧 The City of Mount Dora City Council has adopted the Landscape Irrigation Ordinance set by the St. John's River Water Management District. Water restrictions have been placed on outdoor use to help conserve water.
- 💧 This means the same watering restrictions applies to all types of water used for irrigation.
- 💧 All observed violations will result in a citation that carries a fine **starting at \$250**.
- 💧 For other restrictions and exceptions to the landscape irrigation schedule, (including watering new landscape, Daylight Savings Time and Eastern Standard Time watering schedules), select your water source:

- In no event shall irrigation occur for more than 1 hour per irrigation zone on each day that irrigation occurs.
- All landscape irrigation shall not exceed the amount necessary to meet landscape needs.

Exceptions to the Irrigation Schedule

EXCEPTIONS TO THE LANDSCAPE IRRIGATION SCHEDULES

Landscape irrigation shall be subject to the following irrigation schedule exceptions:

- 💧 Irrigation using a micro-spray, micro-jet, drip or bubbler irrigation system is allowed anytime.
- 💧 Irrigation of new landscape is allowed at any time of day on any day for the initial 30 days and every other day for the next 30 days for a total of one 60-day period, provided that the irrigation is limited to the minimum amount necessary for such landscape establishment.
- 💧 Watering in of chemicals, including insecticides, pesticides, fertilizers, fungicides, and herbicides, when required by law, the manufacturer, or best management practices, is allowed at any time of day on any day within 24 hours of application. Watering in of chemicals shall not exceed $\frac{1}{4}$ inch of water per application except as otherwise required by law, the manufacturer, or best management practices.
- 💧 Irrigation systems may be operated at any time of day on any day for maintenance and repair purposes not to exceed 20 minutes per hour per zone.
- 💧 Irrigation using a hand-held hose equipped with an automatic shut-off nozzle is allowed at any time of day on any day.
- 💧 Discharge of water from a water-to-air air-conditioning unit or other water-dependent cooling system is not limited.
- 💧 The use of recycled water from wet detention treatment ponds for irrigation is allowed anytime provided the ponds are not augmented from any ground or off-site surface water, or public supply sources.
